ABOUT THE CONFERENCE

BOSCON is the flagship annual academic conference of the Bangalore Orthopaedic Society (BOS), bringing together orthopaedic surgeons, academicians, postgraduate students, and healthcare professionals from Bengaluru, Karnataka, and neighbouring states.

The conference serves as a vibrant platform for:

-  Academic exchange
-  Evidence - based discussions
-  Mentorship and collaboration
-  Subspecialty focused learning
-  Clinical deliberations

BOSCON 2026 aims to blend legacy, innovation, and practical learning through structured scientific engagement.

CONFERENCE THEME

Keeping PACE in Orthopaedics: Evolving with Evidence

Modern orthopaedics is witnessing rapid transformation — robotics, biologics, digital diagnostics, AI-driven planning, and minimally invasive innovations. However, progress must always remain responsible, scientific, and evidence-driven.

AT BOSCON 2026, THE CONCEPT OF PACE REPRESENTS:

P A C E

Practical

Focused learning rooted in real clinical experience and everyday surgical challenges.

Academic

Strengthening orthopaedic academics through scientific exchange & mentorship.

Case-based

Learning through real-world clinical cases that bridge theory and practice.

Education

Promoting continuous education driven by evolving evidence & patient outcomes.

Through the concept of PACE – Practical Academic Case-based Education, **BOSCON 2026** aims to create a meaningful academic platform that integrates experience, innovation, and evidence-based orthopaedic practice.

PRESIDENT'S MESSAGE

Respected Teachers, Colleagues, and Friends,
It is my privilege to welcome you to BOSCON 2026,
the 29th Annual Conference of the Bangalore
Orthopaedic Society.

Orthopaedics today stands at a dynamic crossroads.
We inherit a rich legacy built by our teachers and
tireless academicians, while simultaneously
witnessing unprecedented advancements in
robotics, biologics, artificial intelligence, and
precision surgery. The true challenge before us is
not merely to adopt innovation, but to integrate it
responsibly - guided by evidence and ethical clinical
practice.

Our conference theme, "**Keeping PACE in Orthopaedics: Evolving with Evidence,**" underscores the importance of scientific validation and patient-centered outcomes.

Dr. Subodh M Shetty
President,
Bangalore Orthopaedic Society

BOSCON 2026 PROMISES:

I warmly invite each one of you to participate in this academic journey.
Together, let us bridge generations, cultivate innovation, honour legacy,
and keep pace with evolving orthopaedic science.

With warm regards,

Dr. Subodh M Shetty
President, BOS

MESSAGE FROM ORGANISING SECRETARY

It gives me great pleasure to invite you to BOSCON 2026, the 29th Annual Conference of the Bangalore Orthopaedic Society. The conference has been carefully designed to bring together orthopaedic surgeons, academicians, and postgraduate students for meaningful academic exchange and professional interaction. The theme "Keeping PACE in Orthopaedics: Evolving with Evidence" reflects our commitment to combining practical learning with evidence-based clinical practice.

Dr. Shashank G
Organising Secretary

The scientific programme includes distinguished national faculty, focused subspecialty sessions, and opportunities for young surgeons and postgraduate students to present their work. We look forward to welcoming you to Koramangala Club, Bengaluru, for two days of engaging discussions, learning, and professional fellowship.

MESSAGE FROM TREASURER

It is a privilege to serve as the Organising Treasurer for BOSCON 2026. Our objective is to ensure that the conference is organised with the highest standards of efficiency, transparency, and professionalism. Through careful planning and responsible financial management, we aim to create a smooth and comfortable experience for all delegates, faculty members, and participants attending the conference.

Dr. Hemanth H P
Organising Treasurer

The continued support of our members, sponsors, and well-wishers plays a vital role in the success of BOSCON. Their encouragement enables us to organise a conference that promotes academic excellence while fostering collaboration within the orthopaedic community. I look forward to welcoming you to BOSCON 2026 and hope this gathering becomes a memorable and meaningful academic experience for everyone.
